## **Amec Foster Wheeler awarded LNG contract in Timor-Leste**

### **Government contract for pre-FEED for new Beço LNG plant in remote area of Timor-Leste**

**London, United Kingdom (28 May 2015)** - Amec Foster Wheeler announces today that it has been awarded a pre-FEED (front-end engineering design) contract by the Government of Timor-Leste for the proposed Beço Liquefied Natural Gas (LNG) plant.

Amec Foster Wheeler's scope for the US\$3.8 million pre-FEED contract includes concept selection studies, development of technical design, development of procurement and construction strategies, project implementation plans, capital cost estimate and schedule for the overall project.

The work will be done in close consultation with TIMOR GAP, which is Timor-Leste's National Oil Company. TIMOR GAP, is currently managing the implementation of Tasi Mane Project consisting of three clusters of development situated along 155 kilometres of Timor-Leste's southern coast. The three are the Suai Supply Base, the Betano Refinery, and the Beço LNG Plant.

The contract will be delivered from Amec Foster Wheeler's LNG centre of expertise in Reading, UK, working with its team in Malaysia.

Roberto Penno, Amec Foster Wheeler's Group President for Asia, Middle East, Africa & Southern Europe, said "I am pleased that our LNG expertise and project delivery skills are helping to move forward a project which will contribute to the overall development of Timor-Leste. Our LNG Centre of Excellence in the UK will work closely with our in-country teams to deliver this work safely and sustainably."

#### **Notes to editors:**

Amec Foster Wheeler ([www.amecfw.com](http://www.amecfw.com)) designs, delivers and

maintains strategic and complex assets for its customers across the global energy and related sectors.

With pro-forma 2014 annualised scope revenues of £5.5 billion and over 40,000 people in more than 50 countries, the company operates across the whole of the oil and gas industry – from production through to refining, processing and distribution of derivative products – and in the mining, clean energy, power generation, pharma, environment and infrastructure markets.

Amec Foster Wheeler shares are publicly traded on the London Stock Exchange and its American Depositary Shares are traded on the New York Stock Exchange. Both trade under the ticker AMFW.

### **Forward-Looking Statements**

“This announcement contains statements which constitute “forward-looking statements”. Forward-looking statements include any statements related to the timing, results and success of contracts, and are generally identified by words such as “believe,” “expect,” “anticipate,” “intend,” “estimate,” “will,” “may,” “continue,” “should” and other similar expressions.” Forward-looking statements are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of Amec Foster Wheeler, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking statements.

Amec Foster Wheeler does not undertake to update any of the forward-looking statements after this date to conform such statements to actual results, to reflect the occurrence of anticipated results or otherwise.
