The Government of Timor-Leste with support from the International Finance Corporation (IFC), a member of the World Bank Group, is organizing an international investor conference for the Tibar Bay Port and Presidente Nicolau Lobato International Airport PPP Projects.

Since achieving independence 10 years ago, Timor-Leste is positioning itself in the East Asian & Pacific region as a strong investment destination.

Timor-Leste aims to reach upper middle-income status by 2030 on the back of an ambitious development agenda and the US\$11billion dollar Petroleum Fund. The two PPPs are national priority projects.

The conference aims to be an ideal forum to understand better the two projects and the status of implementation. In addition, the conference will be attended by very high level officials allowing potential investors to benefit from face to face meetings at an early stage.
