According to the chief EDTL in Liquica there are no generators in the district since 2004. There was only one generator which was left by Indonesia but it was sent to Oecusse district. Therefore the electricity in Liquica is supplied from Dili EDTL. And the community needs to pay US\$6 every month for electricity.

² Methodology: This section is related to the senior state official visits. Only the head of the delegation will be counted by number of visits. Eg.: If the President of the Republic visit one district one time in the month, it is considered "1", if two visits, is considered "2" and so. However, if X number of Members of Parliament, or Y number of Ministers, Secretary of States or Directors are also part of the Delegation, they will not be considered as they are not leading the visit.

Annex 04: District Administration Structure Distritu

Aneksu 04: Strutura Administrasaun

Note: 1- The numbers of district sectoral offices (ministerial line agencies) are less or more depending on government's decision which is mainly based on population of district and frequency of public demand on those services. The number of sub-districts, Sucos and Aldeia are different from district to district. Please refer the adjacent table to find the exact number of sub-districts, Sucos and Aldeia associated with each district. The Constitution of Timor-Leste has not categorized the Sucos and Aldeia as local government units. However, the Ministry of State Administration and Territorial Management has a separate directorate DNAAS to support Suco Administration.

Observasaun: Numeru Departamentu sira iha distritu mais menusdepende ba desizaun governu ne be mak bazeia ba numeru populasaun iha distritu no frekuinsia nesesidade publiku ba servisu sira. Annex 06: District Level Programmes

Aneksu 06: Programa Dezenvolvimentu Iha Distritu Sira

In the State Budget 2011, the Government has a plan on Capital Development, with a total of \$405.9 million (of which \$317.3 million is allocated to the Infrastructure Fund), the Government will continue to improve service delivery to the People at local, sub-district and district level, particularly through programs acknowledged as successful in 2010, such as the Decentralized Development Program (PDD). The type of projects in this category include:

\$65 million for MDGs for Sucos to construct new houses with connection of water and sanitation.

\$15.5 million for the DDP at Aldeia, Suco and sub-district level.

\$28.8 million for the DDP at district level.

\$166 million for the power plant and the power lines.

Over \$30 million for the development program of Tasi Mane.

Improved service delivery by decentralization remains a focus of Government. This related particularly to increased financial capacity and autonomy in line ministries and decentralization of procurement. As a result of visits to the districts by the Prime Minister, local management of smaller projects was envisaged. To achieve the Government's priorities while maintaining fiscal responsibility has required reduced expenditure in areas of lower priority.

CFTL Capital and Development

The Government continued to improve service delivery to the people by increased delivery at district, sub district, and Suco level, by use of public transfers with specific purposes, together with accountability mechanisms. This reflects increased confidence in regional delivery mechanisms.

Below table shows Capital and Development expenditures of CFTL. The government will continue to develop successful programs, such as Local Development Programs (PDD1) and Decentralized Development Programs (PDD2). The Government is committed to improving the quality and execution of these programs. CFTL Capital and Development expenditures comprised of:

PDD1 - that will be diversified into:

Iha orsamentu estadu 2011, governu halo planu ba capital dezenvolvimentu ho total US\$405,9 milliaun (husi ne US\$317,3 milliaun aloka ba fundu infraestruturá). Large Projects will start with Tasi Mane projects that will cost more than \$30 million, mostly for the development of the Southern Coast, including the following projects:

Development package of Suai, which includes multi-purpose port (\$2.5 million), Supply Base (\$10 million), and Rehabilitation of Airport (\$5 million), Detail site survey, design, and supervision of southern cost development of Beaco (\$5.8 million), and Southern coast infrastructure development for pipeline route analysis (\$3.5million), environmental studies (\$2.8 million).

\$65 million from the Infrastructure Fund is allocated to the MDG Suco program in 2011 to provide 11,140 houses across the Nation. Five new homes will be built in each of Timor-Leste's 2,228 Aldeias (hamlets) this year with the goal to improve the living conditions of over 55,000 vulnerable families in rural areas by the end of 2015. Other works under the MDG Suco Program will include small-scale infrastructure in

Local Development Program

Started in 2004 as pilot project in Bobonaro district, the Local Development Programme has progressively been extended to all the 13 districts until 2010. As a result, Local Assemblies and sub-district Development Committees have been established in order to promote an inclusive, bottom-up and transparent participation of the communities in development fund allocation.

In 2011 budget the Government has allocated US\$3.5 million for Local Development fund. This budget will cover the implementation of small scale development projects mostly in the area of infrastructure, education and health care services in all 13 districts. All the districts have been allocated at the rate of US\$ 3.62 per capita, with exception of Dili and Liquica which will receive US\$ 2.40 per capita since they started participating in the planning process only in 2010. The renewed Government's commitment has two primary objectives: reduce poverty through better services and infrastructures, and accelerate the promotion of the decentralization process. The fund in 2011 has been increased from US\$2 million in 2010 to US\$ 3.5 million 2011, showing consistent and strong commitment of the Government towards the implementation of the decentralization process and local governance.

National Development Agency

The Council of Minister has approved the structure of the National Development Agency (NDA) that has an organic structure to allow supervision and inspection of the quality of development projects. It is a service under direct State Administration, under the Prime-Minister's responsibility, which will facilitate the procurement/contracting of programs and multiannual projects. The NDA is related to the Decree-Law 11/2011 of 23 April 2011.

The mandates of the NDA are:

- Evaluate the merit and feasibility of capital development projects;
- Supervise, inspect and certify the quality of capital development projects and their

Dekretu-Lei ne'e defini no regula regra

rules on jurisdiction, planning, implementation and funding for the execution of State projects at the district and sub-district level. The IV Constitutional Government has been promoting measures that contribute to the decentralization of public administration, as provided in n.º 1 of Article 5.º of the Constitution of the Republic. The Local Development Program was created and established the institutional arrangements for local government, local planning and implementation, budget management and local procurement and created the link between government and community leadership. At the same time, government programs have been implemented in the districts, sub-districts and sucos through decentralized services. For this purpose, in 2010 the Government initiated the study of the practical lessons learned through the Decentralized Development Program (DDP). The Ministry of State Administration and Territorial Planning has also played the role of facilitator for the sucos on the identification of community priorities, through the Sucos Development Plan (SDP), in order to coordinate these priorities with the Local Development Plan and also contribute to the Strategic Development Plan (SDP) of the Government. Based on these experiences - and to prepare the districts for its transformation into municipalities, in addition to strengthening the Government's policy defined in the SDT - the Government must establish a planning and implementation system to ensure that the State budget is invested in areas that the districts and sub districts defined as priorities

WHO supports national level programme and the Ministry of Health decides the program implementation districts in the country. Through a consultative process, six strategic priorities have been jointly agreed for WHO's cooperation with the Government of Timor-Leste for 2009-2013. In each of the strategic priorities, main focus areas for action have been identified along with strategic approaches to address the challenges while taking into consideration expected impact on the country's capacity, based on WHO's technical and financial contribution. In health policy and systems (Strategic Priority 1), strategic approaches will include strengthening district health systems and health management information systems, as well as supporting a senior consultant to work in the MoH in this area. In disease prevention and control (Strategic Priority 2), there are resources provided by the Global Fund and other partners, and WHO would facilitate the Government's coordination of multiple actors and build capacity for effective implementation of these programmes, focusing also on elimination and eradication of some communicable diseases and on diseases of public health concern. Enhancing the integrated disease surveillance would require continuous support. Efforts to reduce maternal and child mortality (Strategic Priority 3), will focus on support for the immunization programme and related activities, and on effective interventions, focusing on the health workforce, facility-based deliveries, quality of care, contraceptive choice, health education and Integrated Management of Childhood Illnesses (IMCI). A High malnutrition rate among children below five years and inadequate nutrition in pregnant mothers leads to low birth weight, stunting and also high maternal and infant mortalities in the country. The approach will be to strengthen nutrition and supplements and related interventions delivered through the district and community health centres. In overall capacity building (Strategic Priority 4), the focus of WHO's work will be on strengthening of national capacity based on the national strategic plan and policy framework and transfer of technical

skills to national officials. In partnership and coordination (Strategic Priority 5), WHO will increase its support to facilitate partnership coordination, leverage with donors by building on existing mechanisms, and facilitating the Government's involvement in partnership and coordination of external resources for aid effectiveness. The country is prone to natural and complex emergencies, including emergencies such as floods and epidemics. WHO will enhance its support to ensure adequate emergency preparedness and response (Strategic Priority 6).
