## **Part 1: Development Assistance in Combined Sources Budget 2013**

As envisaged in Article 23.4 (b) of Parliamentary Law 2009/13 on the Budget and Financial Management Law of 15 October 2009, the General Budget of the State of Timor-Leste must indicate funding by the Development Partners (DPs). The Combined Sources Budget (CSB), which is the combination of general state budget and external assistance provided by DPs, is an important concept in Timor-Leste, as external assistance has been substantially contributing to the development of Timor-Leste since its independence. Although the role of external assistance reduced as a result of the rapid expansion of the state budget in the recent years, external assistance has constantly exceeded more than US\$200 million per year for the past 10 years.

External assistance indicated in this 2013 Budget Book as an integral part of the CSB, this is the Official Development Assistance (ODA) provided by multilateral and bilateral donors to the Government of Timor-Leste (GoTL). It includes the ODA projects executed in direct collaboration with Government Ministries, as well as through Non-Governmental Organizations (NGO). In the latter chapter, all the ODA projects to Timor-Leste are presented in accordance with the Democratic Republic of Timor-Leste (RDTL) beneficially institutions.

In 2013, a total of US\$216.3 million is currently under preparation to be provided to Timor-Leste by DPs. This amount includes US\$203.4 million in grants for on-going and planned projects and US\$12.9 million in loans for two on-going projects. All grants are currently categorized as off-budget support, while loans are considered on-budget support. Only external assistance by grant is indicated as “Development Partner Commitments” in the Budget Book No.1, in order to avoid duplicated calculation.

It should be noted that all the information presented in this Budget Book is derived from the Aid Transparency Portal (ATP), the government database that DPs are responsible for providing data on all of their contributions. In order to assist the Government to prepare the General Budget of the State for 2013 and for more general aid coordination and effectiveness purposes, DPs are requested by the Ministry of Finance (MoF), GoTL to update the ATP on a quarterly basis, with the all data in this report being generated from the August 2012 update. The information utilized in this Budget Book is based on reports generated from the ATP on 11 October 2012.

## **Part 2: Improved Development Partnership**

### **2.1 Development Partnership Management Unit**

The MoF, “National Directorate of Aid Effectiveness (NDAE)” is to be reborn as the “Development Partnership Management Unit (DPMU),” which manages and coordinates DPs to Timor-Leste, with the approval of the Organic Law for the MoF in September 2012 at the Council of Ministers. The DPMU is situated directly under the supervision of the MoF. The responsibility of DPMU includes coordinating and reporting on development assistance provided by the States of Timor-Leste to other countries, in addition to ensuring the effective use of the external assistance provided by DPs to Timor-Leste, so as to guarantee coordination and harmonization in accordance with the development priorities set by the Government. The DPMU works closely with the g7+ Secretariat, which provides technical and administrative support to Timor-Leste’s participation in the group of member countries in the g7+ initiative, in order to improve the efficiency of development assistance.

### **2.2 Strategic Development Plan**

Timor-Leste’s vision of development for the next two decades is articulated in the Strategic Development Plan 2011-2030 (SDP), which was released in July 2011. The SDP is an integrated package of strategic policies which aims to transition Timor-Leste from a low income to upper middle-income country, with a healthy, well educated and safe population by 2030. The SDP covers three key areas, including (1) social capital, (2) infrastructure development and (3) economic development. These three pillars are built upon an effective institutional framework. With the signing of the Dili Development Pact at the 2011 Timor-Leste Development Partners Meeting (TLDPM), the Government of Timor-Leste and its DPs came to an agreement that the SDP will be the overarching framework for all programs and projects to align with in the future.

### **2.3 New Deal for Engagement in Fragile States**

“A New Deal for Engagement in Fragile States (*The New Deal*)” was presented at the Fourth High Level Forum on Aid Effectiveness in Busan, Korea in November 2011. Since then, more than 40 countries and organizations have endorsed *The New Deal*.

*The New Deal* outlines a new global paradigm regarding international engagement in fragile states. It was designed to accelerate the effectiveness of international engagement, through the promotion of country owned and country led pathways towards peace and resilience. *The New Deal* comprises three components as follows.

- (1) Peacebuilding and Statebuilding Goals (PSGs): an important foundation to enable progress towards the MDGs to guide the work in fragile and conflict affected states
- (2) FOCUS: the ways of engaging, to support inclusive country-led and country owned transactions out of fragility
- (3) TRUST: the ways of providing aid and managing resources more effectively and aligning these resources for results

The GoTL, as a chair country of the g7+, has continued to make efforts to elaborate the concept of each component of *The New Deal* and promote *The New Deal* to gain even wider support. In September 2012, the High Level Side Event at the time of United Nations (UN) General Assembly, which is entitled “*The New Deal: g7+ Perspectives and Experiences*,” was held with senior level representation, including heads of states and ministers. The event has generated a high level of interest in New York and was a critical moment of increased visibility of the g7+ and *the New Deal*, creating further opportunities to play a role in shaping the UN Post-2015 Development Agenda.

*The New Deal* trial implementation will continue to be rolled out amongst g7+ countries, with special monitoring by the g7+ of the pilot partnerships through to 2015. This will ensure the framework is adaptable and implementable, which will enable g7+ countries to achieve country-owned and country-led transitions towards resilience. The g7+ will develop a consolidated input into the UN Post-2015 Development Agenda to ensure the special needs and vulnerabilities of fragile states are addressed equitably.

## **2.4 Aid Transparency Portal**

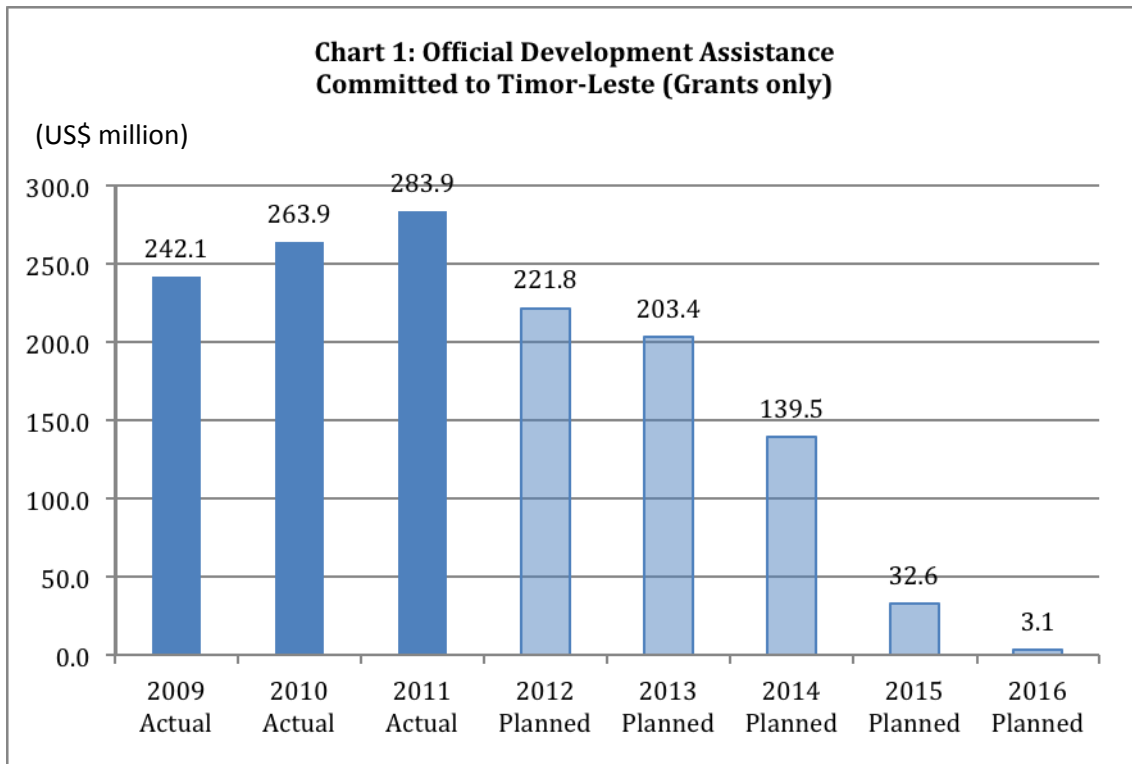

2012 has represented an especially important year in terms of commencement of usage of the ATP (<http://www.aidtransparency.gov.tl>). The ATP is based on the Aid Management Platform (AMP), which is the system that now forms the central database for all aid information in Timor-Leste. The ATP is unique in that it is dependent on development partners’ cooperation in providing information on their external assistance; all data are input by development partners themselves. The ATP has enabled the Government to collect more accurate and predictable data and to disseminate the data into more meaningful reports with analyses. The first Aid Transparency Report was created through the AMP and released at the 2012 TLDPM. The ATP is also a tool that is not only utilized by DPMU, but now it allows all government ministries and development partners to better understand the condition of Official Development Assistance to Timor-Leste. Equipped with the ATP, DPMU is able to further contribute to preparing quality State Budgets. The integration of the ATP with the Governments budgeting systems will allow for ease of access to current information on all DP assistance, by Government beneficiary institution, region, sector, SDP pillar, DP, providing information on obligations and disbursements.

### Part 3: Trend of Development Assistance to Timor-Leste

#### 3.1 General trend

The amount of ODA to Timor-Leste remains at the level of US\$250±million per annum from 2009 to 2011; the ODA in percentage in the CSB has become smaller from 24.5% in 2009 to 11.7% in 2012 on a planned basis. In 2013, a planned total of US\$203.4 will be provided to Timor-Leste as grant assistance. The significant downward trend is observed between 2013 and 2016; however, this is most probably due to the availability of accurate information on planned expenditure in medium term by a number of DPs, rather than a lack of international support or commitment. New commitments against future years are expected as time passes.

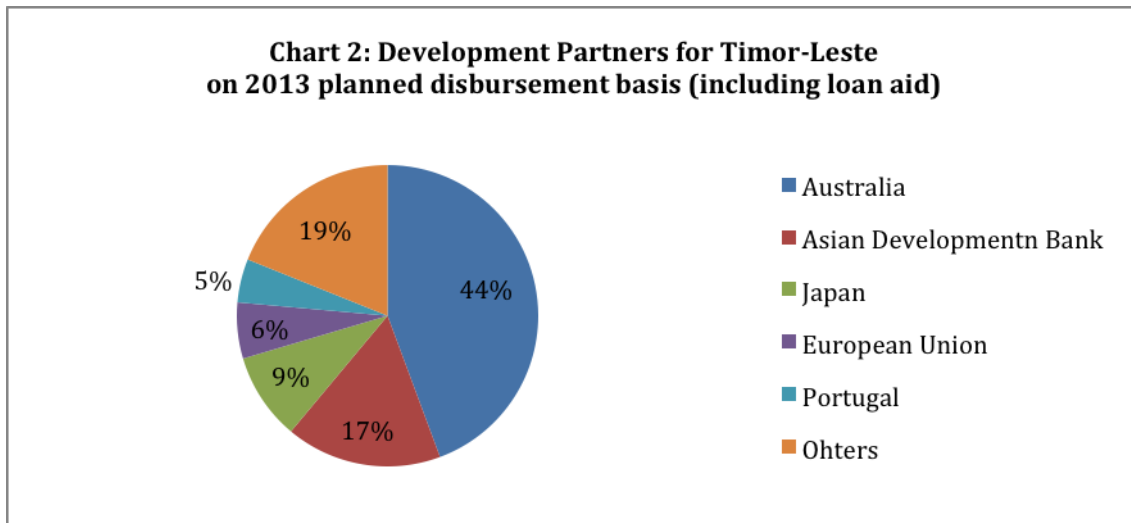

Source: Development Partners Disbursement Report (up to 2010) and Aid Transparency Portal (after 2011)

Note: The figures in 2009 and 2010 represent external assistance to the Government sector only.

The figure in 2012 is based on 2012 rectification budget.

### 3.2 Development partners in Timor-Leste

In 2013, 17 multilateral and 20 bilateral DPs committed to provide ODA to Timor-Leste. DPs, which plan to disburse more than US\$10 million in 2013, including loan aid, are Australia (US\$95.9 million), Asian Development Bank (US\$36.2 million), Japan (US\$20.2 million), European Union (US\$13.0 million), and Portugal (US\$10.1 million). Australia will remain the largest DP for Timor-Leste and is planned to provide 44 percent of total ODA to Timor-Leste. The top five development partners mentioned above will contribute more than 80 percent of total ODA to Timor-Leste.

Source: Aid Transparency Portal

### 3.3 Alignment to the Strategic Development Plan

As mentioned above, the SDP 2011-2030 is the overarching framework for all programs and projects to align with. The planned disbursement of DPs to each pillar and sub-pillar of SDP in 2013 is as indicated in the Table 1. It should be noted that the table simply shows the amount of external assistance in each sector category; it does not mean that all projects are firmly aligned with the “targets” under sub-pillars of SDP.

Among the four pillars, *Social Capital* will receive the biggest portion, approximately 35% of total planned disbursement in 2013. Following it, *Infrastructure Development*, *Institutional Framework*, and *Economic Development* will receive approximately 30%, 25%, and 15% of planned disbursement in 2013 respectively. The major recipients of external assistance at sub-pillar level include (1) *Road and Bridges* (US\$42.9 million, 19.8%), (2) *Health* (US\$31.6 million, 14.6%), (3) *Education and Training* (US\$21.7 million, 10.0%), (4) *Security* (US\$21.4 million, 9.9%), (5) *Social Inclusion* (US\$16.2

## Official Development Assistance (ODA) to Timor-Leste Fiscal Year 2013

million, 7.5%), (6) Agriculture (US\$16.0 million, 7.4%), and (7) Public Sector Management and Good Governance (US\$15.7 million, 7.3%).

A disproportionate number of DPs will support specific sub-pillars, including *Education and Training* (30), *Social Inclusion* (25), *Health* (19), *Agriculture* (19), *Justice* (17), and *Public Sector Management and Good Governance* (17). However, there are other sub-pillars, which are assisted by fewer DPs. Fewer DPs, compared to the amount of external assistance it receives, will support the pillar of Infrastructure Development.

**Table 1: 2013 Planned Disbursements and Number of DPs in accordance with the pillars/sub-pillars of the Strategic Development Plan 2011-2030 (Including loan aid)**

### 3.4 Aid Modality

The ODA to Timor-Leste in 2013 will be provided mostly in the form of project support in grant aid. As of 2012, budget support or program support are not in place. Loans were introduced in 2012 for the first time to Timor-Leste; two loan projects in the road sector are now being implemented.

### 3.5 Predictability

Each of the past years has shown a downward trend in future projections of DPs' support, however, actual disbursements by DPs remain at a fairly constant level. It is observed that most countries and organizations adopt single year budget cycles, therefore, making it difficult to show multi-year budget projections. Even in one-year future projections of ODA, discrepancies are observed between planned and actual disbursement; actual disbursements are often larger than planned disbursements. As such, the absence of accurate information on DPs' funding expectations limits the Government's ability to conduct budget planning, especially medium-term planning and macro-economic analysis on a consolidated basis.

## Part 4: Development Assistance Projects to Timor-Leste in 2013

### 4.1 External Assistance by RDTL Beneficiary Institutions (Grant)

In 2012, the DPMU has collected data in the ATP from DPs regarding their projected support in 2013 and 3 years into the future as well as actual confirmed disbursements for 2011 and 2012. The following tables directly generated from the ATP provide a more detailed snapshot of planned DP support in 2013. Each table shows the projects that DPs will be implementing by each ministry in 2013, including DPs, implementing agencies, project title, expected outcomes and planned disbursements. These tables provide Government beneficiary institutions with details necessary to create budgets that meet the country's needs.

#### 4.1.2 National Parliament

For 2013, the National Parliament will be the recipient of US\$2.1 million in ODA. Projects in the National Parliament will focus on gender and institutional strengthening. The majority of ODA will go towards an EU project which focus on institutional strengthening and the capacity development of parliamentary staff.

### 4.1.3 Office of the Prime Minister

For 2013, the Office of the Prime Minister will be the recipient of \$2.4 million in DP funding, representing 1.2% of the overall ODA budget. US\$1.3 million is planned for an extension of the current JICA project, which provides support to the National Development Agency (ADN), through training and technical guidance.

*Table 5: Office of the Prime Minister- Activities Administered with Government (US\$ ,000)*

#### 4.1.4 Vice Prime Minister and Coordinator of Social Affairs

For 2013, the Vice Prime Minister and Coordinator of Social Affairs office will be supported by \$8.2 million in DP assistance. ODA support will represent 4.0% of the overall ODA budget and focuses on a range of issues from gender and education to training and employment. The 2 largest projects in 2013 are worth a combined \$5.4 million and focus on providing training to Timorese, in order to gain employment and improve their economic situations.

#### 4.1.5 President of the Council of Ministers

For 2013 the office of the President of the Council of Ministers will receive \$1.3 million in ODA. This will fund two major projects, with the largest project building the capacity of the public services in Timor-Leste. Additionally, a project implemented by the Public Broadcast of Timor-Leste will provide a platform for youth to express their views.

*Table 7: President of the Council of Ministers- Activities Administered with Government (US\$ ,000)*

**4.1.10 Ministry of Health**

For 2013, the Ministry of Health is supported by \$31.8 million in ODA, from a number of DPs. ODA support to the Ministry of Health represents 15.6% of the overall ODA budget. Projects in 2013 focus on a range of issues from maternal and child health to strengthening the national health system. The largest donor funded project in 2013 is the AusAID “Rural Water Supply and Sanitation (BESIK)” project, which promotes access to clean water supplies and improved hygiene habits. Additionally, AusAID plans to spend an additional \$6.5 million on a maternal and child health project.

#### 4.1.12 Ministry of State Administration

For 2013, the Ministry of State Administration will receive \$3.4 million in ODA from various multi-lateral and bi-lateral DPs and represents close to 1.7% of ODA in 2013. This will support a variety of issues including gender, poverty reduction and development. The majority of ODA in 2013 will go towards a micro-enterprise project to help poor men and women develop small businesses.

#### 4.1.13 Ministry of Commerce, Industry and Environment

For 2013, the Ministry of Commerce, Industry and Environment will be the recipient of \$2.2 million in ODA. This represents 1.1% of ODA and will support a variety of projects in the Ministry. The largest of these (\$1.1 million) from AusAID, will help Timor-Leste in its preparedness regarding climate change. Additional projects will assist in the preservation of the Timor-Leste coastlines.

### 4.3 External Assistance by Districts

In 2013 a total of 250 on-going and planned projects are being implemented by both bi-lateral and multi-lateral Development Partners. Allocation by districts of this support from DPs is shown in the chart below. In the following section, we have provided financial information that details the amount of DP funds for 2013 that have been allocated in each district, on projects classified as on-going or planned/ under preparation.

*Number of Projects Implemented in 2013 by Districts and Sector*

The chart above also details that DPs are planning to implement 250 projects across a number of OECD DAC sectors, with the largest numbers of projects and money going to the district of Dili (29 projects). Liquisa will receive 22 projects, Bobonaro 21 projects, Baucau and Ermera 20 projects, Lautem and Manatuto 19 projects, Covalima and Manufahi 18 projects, Aileu, Oecusse and Viqueque 17 projects and Ainaro will receive the smallest numbers of projects in 2013.

#### **4.3.1 Aileu District**

For 2013 there are currently 17 projects to be implemented in Aileu District, with a total allocation of US\$ 4.6 million. Out of the 17 projects, three have received the majority of funding and cover the sectors of transport and storage, agriculture and health. These projects have received funding from the European Union, AusAID, UNICEF and the World Bank. These projects include initiatives to provide new seed varieties to increase agricultural output, the rehabilitation of rural roads and improved access to healthcare for women and children.

#### **4.3.2 Ainaro District**

For 2013, there are currently 13 projects that will be implemented in the district of Ainaro, with a total allocation of US\$ 2.4 million. Out of the 13 projects, the biggest project identified for Ainaro District is the “Rehabilitation of Rural Roads.” The project aims to improve access to rural roads and receives funding from the European Union and AusAID.

#### **4.3.3 Baucau District**

For 2013, there are currently 20 projects that are to be implemented in Baucau District, with a total allocation of US\$ 6.6 million. Out of the 20 projects, three have received the majority of funding and cover the sectors of transport and storage, agriculture and health. These projects will receive funding from the European Union, AusAID, UNICEF and the World Bank. They will include initiatives to provide new seed varieties to increase agricultural output, the rehabilitation of rural roads and improved access to healthcare for women and children.

#### **4.3.4 Bobonaro District**

For 2013, 21 projects will be implemented in Bobonaro District, with a total allocation of US\$ 4.9 million. Out of the 21 projects, three received the majority of funding and cover the sectors of transport and storage, agriculture, and health. These projects receive funding from the European Union, AusAID, Government of Japan and the World Bank. These projects include initiatives to provide new seed varieties to increase agricultural output, the rehabilitation of rural roads and improved access to healthcare for women and children.

#### **4.3.5 Covalima District**

For 2013, 18 projects will be implemented in Covalima district, with a total allocation of US\$ 3.1 million. The sector of Transport and Storage will receive the largest amount of funding from DPs including the European Union, AusAID, Government of Japan and the World Bank.

#### **4.3.6 Dili District**

For 2013, 29 projects will be implemented in Dili District, with a total allocation of US\$ 18.5 million. Of these 29 projects, six receive the majority of funding and cover the sectors of other

social infrastructure and services, transport and storage, multi sector/ cross cutting, government and civil society, agriculture, forestry and fisheries, and education. These projects received funding from the European Union, AusAID, World Bank, UNICEF, Portugal, Sweden, Netherlands and Spain. This includes initiatives to improve the road condition in rural area, improve economic growth and provide new seed varieties, in order to increase agricultural production and improve services through education.

#### **4.3.7 Ermera District**

For 2013, 20 projects will be implemented in Ermera District, with a total allocation of US\$ 5.7 million. The sector to receive the largest amount of funding will be Transport and Storage. Of the 20 projects, the largest project, “Rehabilitation of rural roads” will improve economic growth, by providing good opportunities for rural communities to transport their agriculture production into the market. This project receives funding from AusAID and the European Union.

#### **4.3.8 Lautem District**

For 2013, 19 projects will be implemented in Lautem District, with a total allocation of US\$ 2.4 million. Out of these 19 projects, the largest project is “Rehabilitation of Rural Roads”. The aim of the project is to improve the economic growth, by providing opportunities for rural communities to transport their agriculture products to markets. The project receives funding from AusAID and European Union.

#### **4.3.9 Liquica District**

For 2013, a total of 22 projects will be implemented in Liquica District, with a total allocation of US\$ 6.0 million. The majority of funding will cover the sectors of Transport and Storage and Agriculture. These projects receive funding from AusAID and European Union. They include initiatives to provide new seed varieties to increase agricultural output and the rehabilitation of rural roads.

#### **4.3.10 Manatuto District**

For 2013, 19 projects will be implemented in Manatuto district, with a total allocation of US\$ 7.9 million. The majority of funding will cover the sectors of Transport and Storage, Agriculture and Water Supply and Sanitation. These projects receive funding from AusAID, European Union, Asia Development Bank, Government of Japan, JICA, Norway and UNICEF. These projects include initiatives to provide new seed varieties to increase agriculture production, the rehabilitation of rural roads, improving access to clean water and sanitation and hygiene.

#### **4.3.11 Manufahi District**

For 2013, 18 projects will be implemented in Manufahi district, with a total allocation of US\$ 3.9 million. The majority of funding will benefit the sectors of Health, Agriculture and

multisector/cross-cutting. These projects receive funding from the European Union, AusAID, FAO, Government of Japan, JICA, Oxfam, UNISCO and World Bank. These include initiatives to provide new seed varieties to increase agricultural output, the rehabilitation of rural roads and improved access to healthcare for women and children.

#### **4.3.12 Oecusse District**

For 2013, 17 projects will be implemented in Oecusse District, with a total allocation of US\$ 7.7 million. The majority of these projects cover the sectors of Construction, Water and Sanitation and Health. These projects receive funding from the JICA, AusAID, UNICEF and European Union, Japan and the Government of Sweden. They aim to improve access to healthcare for women and children, improve access to clear water and sanitation and builds the port in Oecusse district.

#### **4.3.13 Viqueque District**

For 2013, 17 DP projects will be implemented in Viqueque District, with a total allocation of US\$ 3.0 million. The Agriculture sector will receive the largest amount of funding. Projects aim to improve economic growth and provide new seed varieties to increase agricultural production. These projects will receive funding from European Union, AusAID, Government of Japan and FAO.

## Part 5: Timor-Leste's Financial Contributions through Government Resolution to Beneficiary Countries

As part of expressing Timor-Leste's solidarity to the international community, Timor-Leste is providing financial contributions to other countries who have suffered from natural disasters (earthquakes, floods, hurricanes, typhoons, tsunami, etc.) as well as other areas of support from 2008. The Timor-Leste Government aims to reach the OECD target of 0.7% of GDP in the future. The total amount contributed until today is US\$ 5.8 million. The amount and recipient countries are shown in the table below.

*Table 27: Financial Contribution to Natural Disasters through Government Resolution (Unit US\$,000)*
